Dear Sir/Madam

TOWN COUNTRY PLANNING (SCOTLAND) ACT 1997

Re: Planning Application for New Secondary School, Townhead Road, Coatbridge

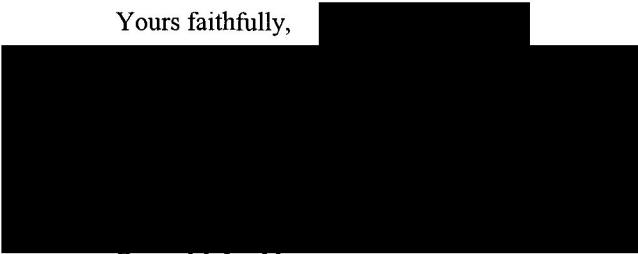

Thank you for your enquiry of 28 July 2009 regarding the proposed works at the above location.

In principle, the Company would have no objection to the proposed Works/Development. Providing normal care is exercised it is not anticipated that ScottishPower will be affected but it will be recognised that in the event of ScottishPower being put to any expense to protect, alter or make good any apparatus, the cost of such works will be fully rechargeable to the applicant.

The applicants attention is drawn to the advice given in the Health and Safety Executive booklet HS(G)47 - "Avoiding Danger from Underground Services", and their guidance note GS6 - "Avoidance of Danger from Overhead Lines". Please ensure all site operators have this information and if any apparatus is damaged, contact our fault desk immediately on 0845 2727 999.

Should you require any further information, please do not hesitate to contact me at the address below.

Yours faithfully,

Bruce McLachlan
