Dear Parent/Carer

Fallside School to Coltness High School Campus

You are receiving this letter as your child is due to start at school which was due to relocate to a new building from August 2022.

Over the course of the last eighteen months, there has been a significant amount of planning, preparation and works carried out to complete this move. However, we are writing to advise you of a delay in the relocation due to logistical challenges.

As a result of this, your child will start their new placement in the existing building at the beginning of term and transition with their classmates. We anticipate that the new building will be open, at the very latest, by the end of September 2022. This will enable the school to continue to develop a robust transition with our children and young people, families and stakeholders.

We appreciate that this may be an unsettling time for your child and your family. Your child's new and existing Headteacher has been informed of this development and is working to support the planning around this. However, this unexpected delay provides us with the opportunity to enhance our transition programme to include visits to the new location. This will allow both pupils and parents/carers additional time to familiarise themselves with the new school and its location.

To ensure you are kept up to date with progress during the school holidays, we will send you a text message with links to updates on our website. If you have any questions regarding this letter, then please email asnrelocation@northlan.gov.uk and we will respond.

Yours sincerely

A handwritten signature in black ink, appearing to read "Alan Henry".
