Community Learning and Development Summer Report 2023

The Community Learning and Development (CLD) service in North Lanarkshire is structured across several delivery teams: Adult Learning & Resettlement, Youth Work and Family Learning.

The teams have been working together throughout the summer to improve outcomes for adults, young people, children, and families by providing learning opportunities, with a particular focus on engaging learners from more vulnerable communities. Over 2000 people participated in the CLD summer programme.

For more information on the work of CLD, you can view our current action plan here:

[**Community Learning and Development Action Plan 2022-2025**](#)

During the summer of 2023, CLD staff teams delivered an action-packed programme full of informal learning opportunities; new experiences and skills; outings and residential stays; the chance to gain qualifications; spend time with friends and family meet new people; and most importantly...have fun!

Health and wellbeing have been a focus for all with active health walks, healthy eating, relaxation, and pampering sessions, alongside sports and active games.

Children and young people were supported in their school transitions with lots of activities to help them adapt to their new primary or secondary schools.

Our adult learners were busy earning new qualifications in a variety of subjects, including numeracy, ESOL, IT, cooking, employability skills and Gaelic.

Lots of trips and residential stays took place, offering our learners the chance to explore destinations as far away as Northern Ireland, the Orkney Isles and Millport on The Isle of Cumbrae, to closer to home favourites such as Summerlee Museum, Barons Haugh Nature Reserve and all of North Lanarkshire's wonderful country parks.

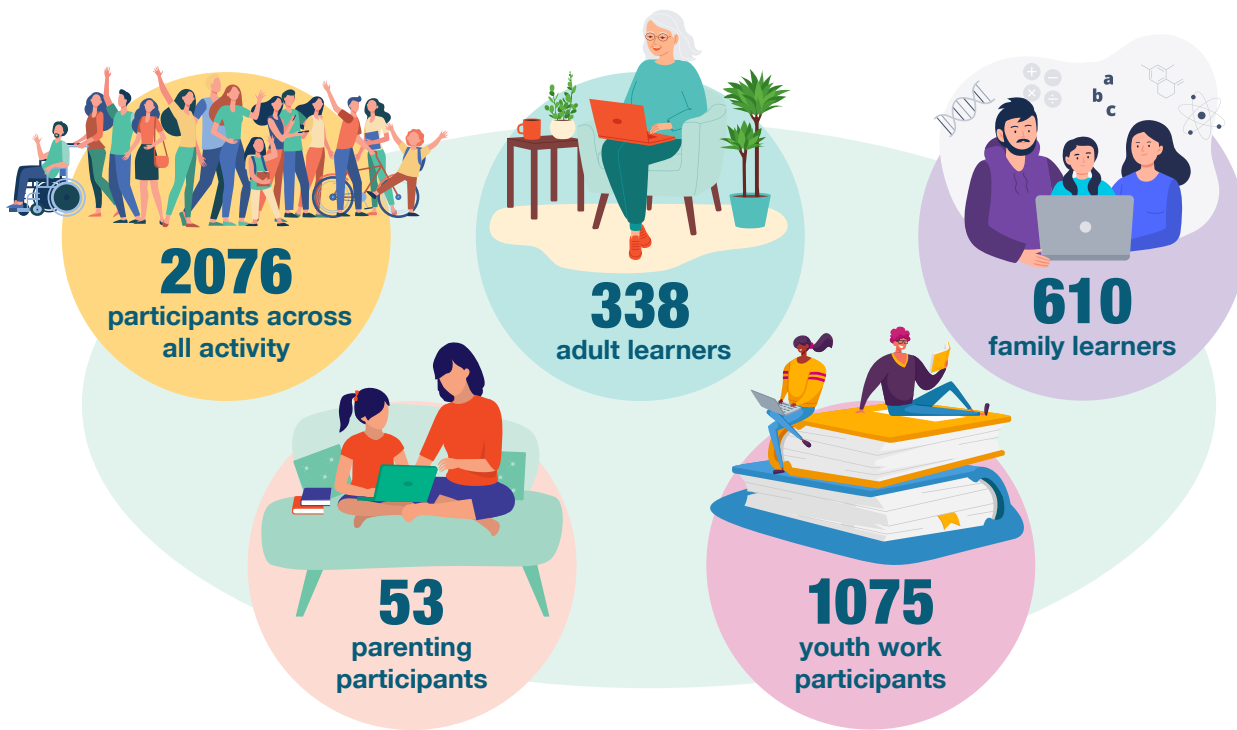

Thank you to all the staff, volunteers and partner organisations for providing such an action-packed summer of community-based educational and fun activities, and thanks to all the participants who came along and took part!

To find out more about the summer activities, please read our newsletter [**CLD Newsletter 2023**](#)
