

## Chryston High School Extension

Newsletter – May 2025

**BAM Construction are working in partnership with Hub South West Scotland and North Lanarkshire Council to deliver this project.**

### Progress to Date

Construction of the extension facilities commenced on 14th April 2025. The site hoarding has been installed near the school main entrance to secure the site. The cut and fill exercise has commenced to create the site platform.

### Upcoming Developments

Drainage and foundation works will commence, with precast and steel piling starting in June.

Work will begin with the creation of a new car park. This area will be used initially for the main site offices and welfare area. Construction deliveries and soil removal will be via Pentland Road. The site workforce will access the site via Lindsaybeg Road.

Small refurbishment works will start within the existing school in June.

Maintenance works will be carried out during the school summer holiday period to the existing 11-a-side pitch. It is anticipated that the works will take six weeks, and the pitch will be closed off to the public for the duration of the works.

**Quantity Surveyor:** Gardiner & Theobald

**Principal Designer:** Gardiner & Theobald

**Architect:** Building Design Partnership (BDP)

**Civil & Structural Engineer:** Blyth & Blyth

**M&E Consultant:** Hully and Kirkwood

### About BAM

BAM is one of the UK's largest construction services organisations. BAM operates from regional offices covering England, Scotland and Wales, and is active in construction, services engineering, design, facilities management, property development, and plant hire.

### Environment and Community

Through the adoption of a responsible and proactive attitude to environmental issues BAM is committed to minimising any potentially harmful effects of its business activities on the environment and contributing to sustainable development through balancing its business aims with environmental considerations.

BAM will comply with, and where possible, exceed legal and other requirements to which it subscribes, in relation to its environmental aspects and engaging communities in the project.

### Considerate Constructors

All BAM sites register with the Considerate Constructors Scheme. This means we are committed to being a good neighbour and to being clean, respectful, safe, environmentally conscious, responsible, and accountable. Our site is independently inspected to make sure we live up to these aims.

We try to work in a way that causes as little inconvenience as possible to our neighbours. We apologise for any unavoidable nuisance that may be caused during the work.

### Contact Us

It is our intention to complete these works with minimal disruption. However, if you have any concerns, please contact our site staff who are available to assist.

John Carson – Project Manager – 07392 127 419
