Merry Christmas

from the St Kevin's
Community Hub Site
Team.

Progress of Works

Works are progressing well on site. Classroom spaces are nearing completion with fixed furniture works and glazing to internal screens having started this month.

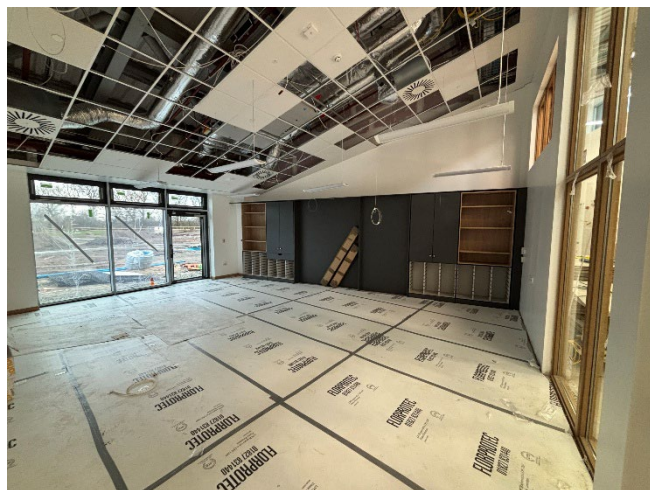

The new developments Power and Water connections were completed this month. This allows internal facilities to be made ready ahead of completion

Landscape works to the playground are well underway with tarmac and play equipment due for installation in January.

To complete the installation of the new pedestrian road crossing there will also be a series of weekend road closures in January to allow for the re-taring of associated sections of Coatbridge Road.

Christmas Toy Drive

Every Christmas Kier Construction partner with MADE4U IN ML2 and contribute to their annual toy appeal to help families struggling at Christmas. The Kier site team and our supply chain made a very generous contribution of more than £2,000 worth of toys.

The Project will close for the Christmas period on Tuesday 23rd of December and re-open on Monday the 5th of January. Our security contractor BioSite will monitor the site over this period and can be contacted on 0121 374 2939 in the event of an emergency.

Have a Merry Christmas and a Happy New Year!

Jim Marsh (Project Manager, Kier Construction)
