MORGAN SINDALL CONSTRUCTION

Progress Update

November 2026

Phase 2 works have progressed well, and we are looking forward to handing over the additional playground facilities to the school at the end of the year. It is looking great!

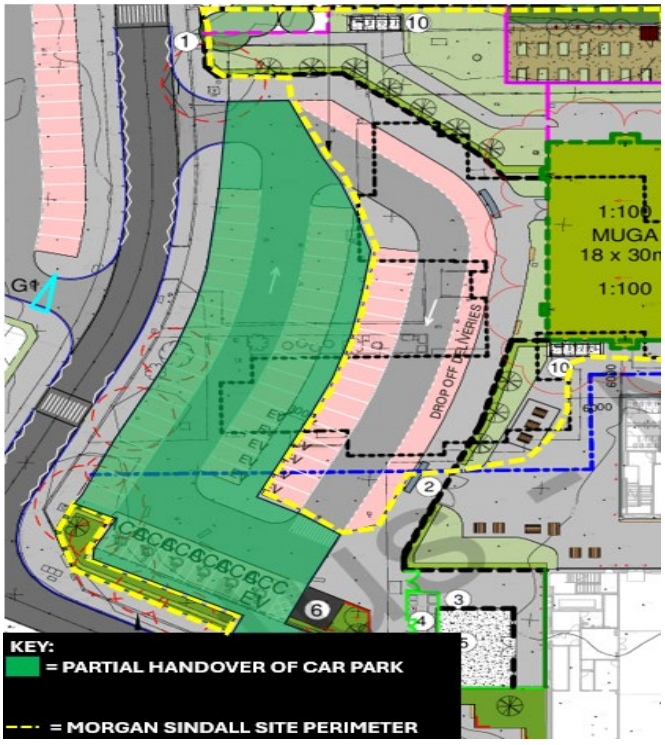

Works to completion include final surfacing to the car park, external lighting, planting new trees, MUGA, fencing, turfing and signage.

On the old Sacred Heart Primary School site, works are also progressing well, with the topsoiling due to be complete in the coming weeks.

Important Changes Coming Soon

On **Monday 9th November 2026** the car park area highlighted in green in the diagram opposite will open. Access will be via Footfield Road.

This will provide accessible & visitor parking as well as pick-up and drop-off for Family Learning Centre. The School pick-up and drop-off will open at the end of the year, finalising all car park works for the new facility.

The temporary car park opposite the school, on Babylon Road will be closed permanently from Monday 9th November to allow this area to be re-instated to greenspace.

We would like to thank local residents for their continued patience and support throughout the works.
